

Z1 HATCH POPPERS REFERENCE GUIDE

This Installation Manual is intended for the following models:	
2003-2008	Nissan 350Z
2009-2020	Nissan 370Z
2023+	Nissan Z

PARTS INCLUDED:

Item	Quantity	Description
1	2	Z1 Assembled Hatch Popper
2	2	350Z Washer
3	2	370Z / Z Washer (w/ hole)

PROCEDURE:

1. Place the transmission in Park position (or in Reverse gear if equipped with a manual transmission). Apply the parking brake.
2. Open the rear trunk hatch. Remove the OEM lift springs by rotating a quarter turn in either direction.
3. Install the washers onto the Z1 Billet Hatch Poppers. The 370Z and Z should use the washer with a hole in it. 350Z owners should use the washer without a hole.
4. Install the new hatch poppers onto the trunk.

Note: In some cases, there may be a slight gap between the base of the popper and the underside of the hatch. If that is the case, try swapping it for the other supplied washer or OEM washer for a better fit.

END
