Z32 ECU Core Return Info

This sheet MUST be completed & returned with the core to receive credit!

The refundable core charge for Z32 ECUs is \$300. ECU cores must be returned for credit within 30 days of receiving a Z1 upgraded ECU. Cores will be refunded back however the core charge was originally paid. Credit Card, Paypal, check or MO.

ECU cores will be tested upon arrival at Z1 Motorsports and must function properly in order to receive credit. Credit will be refunded within 30 days of our receipt of a core.

Newer model core ECU's using a 16 bit processor (no EPROM chip inside) are not eligible for a full core credit of \$300. Half credit (\$150) will be given towards these ECU cores which are found in some 93 NA's, all 94+ NA's, and 95+ TT's.

To expedite your core refund you can initiate the process by logging into your online account at www.Z1motorsports.com. Once inside you can view all your previous orders. Click on the order associated with the core you are returning. Click on the link in the **Products** box that says "Needs to return this product? Or a core" and follow the instructions to initiate your core return.

Fill out the information below and attach to core ECU.
